Date

FASB 606 requires non-profits to recognize revenue at specific times for event based donations and sponsorships. In accordance with an update from the Financial Standards Accounting Board, Make-A-Wish Iowa will reach out to you in the rare instance that this event would have to be rescheduled to see if you would like a refund or if you would still like for your donation to be maintained with Make-A-Wish Iowa for the rescheduled event or to impact the mission. For more information on FASB 606 please speak with your organization or personal tax advisor.
